ABOUT ME

I am a UX/ UI Designer with a background in fine arts and customer service. I my designs are user-centric with a focus on design principles. I enjoying working not only on my own but also with a group. I am passionate about details and to continue to grow as a designer. In my free time, I enjoy reading, spending time with my family, and watching and discussing F1.

WORK EXPERIENCE

Jan - Nov 2022	UX/UI Design Projects
Botnay Online Shopping App	App helps users find common to rare house plants. Completed competitive analysis, created wireframes, and completed user testing. Finalized wireframes. Problem solved ways for users to save items for later and edit the shopping cart.
Forkify Online Recipe App	UX Process competitive analysis, user interviews, user stories, user personas, flow charts, mood board and low, mid wireframes. UI process of high wireframes, user prototype analysis and finalized wireframes.
My HealthPal Medical Tracker	App helps user keep track of medicine and medical appointments, along with following other users. Created a mood board, style guide, and low, mid, and high wireframes. Completed an Android and IOs version of the app.
2016 - July 2017	Classroom Teacher
Perimeter Early Learning Center	Set a learning and play schedule for the classroom which included daily art projects. Learned to manage up to 18 kids at a time and follow state regulations for the classroom.
